ONE COMPANY – MULTIPLE POSSIBILITIES

—

2026

TECHNOLOGY

STABILITY

SUSTAINABILITY

DYNAMISM

WHO WE ARE TODAY

A vertically integrated **industrial group** with global footprint and best cost-overhead

- Privately owned
- Financially strong

One of the leading European **EMS providers**

- With extensive operations for mechanical parts

Complex service provider owning and operating **industrial parks**

- Including facility management and workforce secondment

30+ years of proven **„adaptive” strategy**, maintaining diversity

- In customer-base: accounts from up-and-coming companies (incl. startups) till established global players
- In market segments: Traditional markets (like Automotive, Industrial or Household) as well as dynamically growing segments (such as Portable Energy, IoT or Smart Home)
- In technology and activities: making parts, modules and final-assembled products

HIGHLIGHTS

Founded in
1938

Private since
1992

Revenue
(2025)

749
Mill €

Equity
No debt since 2005

587
Mill €
2025

9*

Locations

*without possible expansion
locations

8200

Employees*
(2025)

4th

Among EMS
Companies HQ'd
in Europe

** 2500 employees in services and temporary work*

PROGRESS IN RECENT YEARS

Sales revenue

Organic growth for more than a decade

Substantial proportion of profit is retained

Investments

Net equity

Remarkable increase for more than a decade

Fully equity financed

MARKETS & ACTIVITIES*

Market Exposure**

Activity Breakdown

* 2025
** Turnover without Services
*** Including Electrical safety, Power generation, UPS, Instrumentation & Measurement, Semiconductor industry, Photovoltaics, Terminals & vending machines, Commercial and Industrial HVACR, LED Lighting, 3D printers, Robotics, Water treatment, Elevators, Power tools, Professional floor care machines

CORE ACTIVITIES

PCBA

Battery pack
assembly

Plastic Injection
Moulding

Sheet metal
fabrication

Stamping

Machining

Surface
treatment

Design & Engineering

Co-design of mechanics &
PCBAs, early involvement

DfX services Production
engineering

Industrialization

Supply chain management

Value chain & vertical integration

ADD-ON SERVICES

DESIGN & ENGINEERING

BY OUR EARLY INVOLVEMENT IN NEW PRODUCT DESIGN PROJECTS **WE SUPPORT YOU IN:**

Winning new projects

Shortening time-to-market

Making your products stand out in terms of **quality, cost-competitiveness** and reliability

NPI activity support

NPI activities:

- Multifocal DfX services
- Co-design of mechanical parts & PCBA's
- Complete industrialisation of new products

Production engineering services:

- Competent solutions for quality improvement, cost & process optimisation
- Feasibility and manufacturability studies
- Engineering change management

Product lifecycle support

Example for DfX of a battery pack

SPECIAL MANUFACTURING COMPETENCES

Robotized assembly
lines and testers

Battery pack assembly

Large welded steel
constructions

System integration of
large enclosures

SERVICES

Industrial park services

Logistics

HR services & manpower secondment

Traceability / MES systems

Facility management

KLT's cleaning

CORPORATE SUSTAINABILITY

We are committed to set good examples & reach true impact through our activities.

73% of electricity from green sources in 2025

**Aiming to surpass
75% green energy consumption
in 2027**

- ✓ Measuring Scope 1&2 CO₂ emissions for 7 years at group and member company level
- ✓ Possibility of acquiring GO (Guarantee of Origin) certificate for specific projects
- ✓ VIDEOTON Group is rated by EcoVadis

Reached 5,5+ MW total peak PV power output in 2026

Over 10% of group energy from own renewables

QUALITY & ENVIRONMENTAL POLICY

Quality, work safety and green operation are key elements of VIDEOTON's core values.

The above philosophy is underpinned by the following certificates:

- ISO 9001 – 20 subsidiaries
- ISO 27001 – 2 subsidiaries
- NIS2 – 3 subsidiaries / 9 in progress
- TISAX – 1 subsidiary / 1 in progress
- ISO 14001 – 16 subsidiaries
- IATF 16949 – 7 subsidiaries (Automotive)
- ISO 45001 – 4 subsidiaries
- ISO 3834-2 – 3 subsidiaries (Welding)
- AQAP 2110 – 1 subsidiary (Defence)
- ISO 13485 – 1 subsidiary (Medical)
- ISO 26262 – 1 subsidiary (Functional safety)
- ISO 1090-01 & 02 – 2 subsidiaries (Welding)
- ISO 50001 – 7 subsidiaries
- ATEX – 1 subsidiary (Products for explosive atmospheres)
- FDA – 1 subsidiary (Food & skin related products)

RECENT BUSINESS AWARDS I.

 VT ElektroPlast
VIDEOTON Group

Production of an **outsourced** LVHM **portfolio** of pressure transmitters and flow sensors for a Swiss company.

 VT Metal
VIDEOTON Group

Machining of hydraulic manifolds for a German TIER-1 company, used in Off Highway vehicles

 VT EAS
VIDEOTON Group

Smart gas meter indexes for a global player. PCBA mfg. (incl. hot bar soldering), moulding and box build assembly at VIDEOTON's Bulgarian site

RECENT BUSINESS AWARDS II.

 **VT ElektroPlast**
VIDEOTON Group

Co-design, turn-key industrialisation and production of a 3-cell battery pack for battery chainsaws of a leading power tool manufacturer.

 **VT TIPA**
VIDEOTON Group

Design and manufacturing of a net-1400 sqm **drive axle assembly line**, that was delivered to the Mexican plant of a TIER-1 automotive company

 **VT Systemtechnics**
VIDEOTON Group

Full-scale design, manufacturing and electrical integration of **Defence shelters** for a **NATO** project.

YOUR CHALLENGES – OUR ANSWERS

YOU might face the following challenges and needs

A EUROPEAN PARTNER WHO CAN ALSO FOLLOW YOU TO THE US

Need a native supplier who can flexibly serve you locally either in Western Europe or Eastern Europe depending on your preferences and has also the ability to manufacture your products in the US in the changing geopolitical environment

ALTERNATIVE TO CHINA

Need to transfer back / set up alternative production solution from / beside China for increasing resilience

INTEGRATED SOLUTION

If you look for an all-around B2B UX as a startup/scaleup

FOCUS

Want to focus only on core activities like R&D or function design

VIDEOTON might be your right partner due to our competitive advantages

Global manufacturing footprint with sites ideally located in Hungary, Bulgaria, Germany and USA (most of the overhead is also in best-cost Europe)

Experience in both **high volume low mix and low volume high mix** projects regardless of technology

Working for many segments and have a **wide range of technologies** (→ high cross-industry knowledge on manufacturing side)

Flat and flexible organization, private ownership and a highly stable financial background that make quick decisions possible (incl. on project-specific investments).

VIDEOTON & OUR CUSTOMERS: A LONG-TERM, STRATEGIC APPROACH

OPEN FOR NEW MARKET SEGMENTS

- No rigid preferences regarding the markets and applications
- Always open to and want to enter new segments (proactively learning and investing into the specifics)

OPEN TO LEARN

- Open to support our customers in more steps of the product lifecycle.
- Support and motivation of our customers is needed for this, including early involvement and transfer of experiences/workflows

LONG-TERM LOYALTY

- Need often guidance and trust from our customer being the icebreaker
- Honoring this attitude with outstanding long-term commitment and loyalty.

CREATING LOCAL SUPPLY CHAINS

- Being committed for local suppliers for flexible supply and strengthening the local economy
- We expect global companies investing in the region & we want to take part in this journey.

WHERE ARE WE HEADING TO?

WE ARE DETERMINED...

to further adopt a **lean production approach** in our operations (with industry 4.0 in mind)

to build up new and expand existing cooperation with **dynamic, innovative companies** (incl. startups / scaleups), with special focus on battery, e-mobility, mobile power, medtech, safety technology and smart technology markets

to provide **multifocal DfX support** in our partnerships by utilizing our cross-industry knowledge

to plan our processes in such way that allows **collecting extensive data** for further possible usage since we are aware that data is the new infrastructure

to improve our **world-wide sourcing capabilities**

to provide services to those customers requiring our extended footprint to receive a seamless service across Europe and the USA

KEEPING AND STRENGTHENING OUR PROVEN VALUES

COMMON SENSE

TRANSPARENCY

BEST WORKPLACE DRIVEN

SIMPLICITY

Our strategy is utmost adaptability

Not being able to predict or influence markets is an accepted fact of life in a cost+ business. Being prepared for sudden actions because of earlier scenario analysis. Able to swiftly carry them out due to highly stable financial background. No dogmas, open to anything logical.

**Growing share of investments
Expansion into inter-related technologies**

Preference for many small steps as opposed to big leaps. Keep a balanced portfolio with synergies

**Labour market may become the limit of growth.
Adapt HR strategy to the substantially changing
environment.**

Be in line with the expectations of new generations. Increase credibility. Become a realistic & attractive alternative to multinational and global companies. Support workers through employee benefit programs (housing, education, health, recreation etc.)

Largely continue with organic growth

Sustain transparency, predictability

WHY TO WORK WITH VIDEOTON?

Integrated manufacturing services – „One-stop shop”

Financial stability

Cost-competitive solutions

High flexibility

Customer-oriented focus

ONE PARTNER  **MULTIPLE POSSIBILITIES**

THANK YOU FOR YOUR KIND ATTENTION!
